

# LCJVS Board of Education Report

## Chris Fletcher, Director

August 2011

- **ADVISORY APPOINTMENTS**
- **FALL CATALOG**
- **PHOENIX FAUCETS, AVON LAKE**
- **USS STEEL, LORAIN**

### **ADVISORY APPOINTMENTS**

Over the past few weeks our staff has been busily conducting program advisory appointments to introduce potential students to our career development programs. Advisory appointments run throughout the day, from 8:00am to 10:00pm. The meetings are our opportunity to share with potential students each program's curricula, expectations, funding options, and employment opportunities in their chosen fields. After the advisory appointments, students must then pass each program's Work Keys assessment requirements and submit a formal financial aid plan prior to their official registration.

### **FALL CATALOG**

The Fall 2011 catalog will soon be appearing in the mailboxes of Lorain County residents. It features the following new programs:

- ❖ Social Media for Businesses and Organization
- ❖ Social Media for Personal Use
- ❖ Using Your Digital Camera II
- ❖ Photoshop
- ❖ Medical Secretary/Electronic Health Records
- ❖ Grant Proposal Writing
- ❖ Skills for Success
- ❖ Creative Writing Workshop

### **PHOENIX FAUCETS, AVON LAKE**

Ralph Bentley, Program Developer, contracted with Phoenix Faucets to conduct Lift Truck Safety Training at their Avon Lake location. Seven Phoenix employees had successfully completed this training approximately two years ago and needed to review the classroom lessons. Three additional employees needed the classroom instruction and driving test. All of the employees successfully completed the program.

### **U.S. STEEL, LORAIN**

On July 11<sup>th</sup> through July 15<sup>th</sup> the Adult Career Center conducted 40-hours of welding training to the plant craft employees at U.S. Steel. This training up-graded their welding skills to a 6G pipe standard. A 6G standard in pipe is one of the more demanding of the welding standards. The training was arranged by Russ Beach, Program Developer and Mario Mendes of U.S. Steel. Instructor Alex Stoll conducted the training, in which all participating student showed considerable improvement in their skill levels.
