

Petitti's Weekly Post

"Everyone Makes A Difference"

REMINDERS

- Check students during your first period class for ID cards.
- If you have ideas for future cost savings initiatives, please email myself or share with your Supervisor.
- During the week of January 9, the only entrance into the Masonry Trades Lab will be through the Carpentry or HVAC Lab and through the Bull pen area. Safety glasses will be available at the doors for your use.
- For those of you that need to submit a request for Technology service while not at the school, it can now be done through the JVS web email. To submit a technology help request, simply send an email to HStar@lcjvs.net. In the body of the email, briefly explain the issue you are having and send it. The request will show up in our system and be assigned to a tech.

STANDARD MILEAGE RATE

Effective January 1, 2012 the standard mileage rate will be: **55.5¢ per mile**

OGT

OGT games are made in Mrs. Balog's class by COS, AT, CAR, IE and ECE students.

DID YOU KNOW?

- **Google+** - A great social network and alternative to Facebook. Google+ really shines with its control and visually stunning video chat (hangouts) features.
- **Watch Know** - An excellent place to find free educational videos for students. This is a very easy site to navigate as everything is categorized by subject and rated for age appropriate levels.
- **Muvee Cloud** - Redesign of the popular video/presentation site Shwup. This site is very easy to use and has a nice polished look and great for creating projects with photos and videos. Best of all, Muvee Cloud is free for educators and students.

ENROLLMENT

2011-12 School Year

9th Graders	32
10th Graders	33

Culinary Arts Elms Nursing Home

Chef Smith take the Culinary Arts students to the Elms Nursing Home in Wellington.

Auto Technology Cuyahoga Community College

Ed Kopp Program Manager from Cuyahoga Community College was in Monday the 19th to talk to the Jr. and Sr. classes about Tech prep and what Tri-C has to offer in their Automotive Program. He also brought a Volkswagen Passat diesel (Grease Car) that the school converted to run on used french fry oil. The students took time to see the conversion in the lab.
