

Online Job Services

- The Lorain County JVS Career Services Office provides a free online job posting (board) system located on the school's website, www.lcjvs.com, that enables local businesses/employers an opportunity to post job openings
- JVS staff maintains the ongoing database of available employment postings
- Current students and JVS Alumni also have access to job postings under the employment tab on the JVS website

Employer Partnership Resource Guide

JVS Career Services Making the Connection

The JVS Career Services Office serves as the liaison between JVS students and employers. Strong partnerships between JVS and the business/industry community ensures that students are better prepared to meet the demands of an ever-changing workforce. Our business partners play a key role in the development and success of our high school and adult learners.

Benefits of Partnership

- Access to a pool of highly qualified skilled workers
- The ability to match student skills with company needs
- Your involvement ensures that curriculum meets industry standards
- Opportunity to evaluate employees prior to hiring
- Lower training costs

Business Advisory Committees

Local business and industry members serve as advisors to help guide program development and assist JVS in keeping pace with ongoing changes in the workplace. Along with members of the business community, the committees are comprised of:

- Program Instructors
- Academic Staff
- Employers
- Parents

Work-Based Learning Experiences

- Students receive short-term paid and unpaid work experience
- Students get an opportunity to utilize the career related skills they have learned at JVS
- Students acquire new training in a professional workplace
- Employers can assess a student's skills, work ethic and employment potential

Summer Internship Program

- Businesses offer professional summer training experience for high school juniors and seniors
- Summer Internships enhance student competencies
- Students develop personal skills needed to be successful in the workplace

Job Placement Services

- JVS students are placed with employers within their career path
- Skilled students meet the needs of participating employers
- Under 4109.06 of the Ohio Revised Code, students enrolled in a state certified vocational program are legally allowed to perform job tasks typically prohibited by minor labor laws
- JVS Adult Career Center students, in full-time career development programs, are available for job placement during their 2nd semester of training
